## ABOUT ME

I am a Computer Programming student with a strong interest in web development and practical experience from real projects. I have developed full-stack web applications using Java Spring Boot, Node.js, and PHP, working with MySQL and MongoDB databases, and deploying systems on Linux servers. I am currently seeking a Web Developer internship to further develop my skills and begin a professional career in software development.

## SKILLS

**Frontend:** HTML, CSS, JavaScript, Bootstrap 5, Tailwind CSS, React

**Backend:** Java (Spring Boot), Node.js (Express, Next.js, NestJS), PHP, Django (Python)

**Database:** MySQL, MongoDB

**Programming Languages:** Java, JavaScript, Python, C#

## INTERNSHIP EXPERIENCE

### IT Maintenance Intern, Stiebel Eltron Asia Co., Ltd. (Head Office)

Nov 2023 – Feb 2024

- Developed a product inspection system for the Product Consultant (PC) team to track product status across branches
- Designed product verification workflows between promoters and inspectors, including exportable inspection reports
- Supported system usage on both desktop and mobile devices
- Installed and managed LAN cabling in coordination with the IT Support team
- Troubleshoot computer, software, and basic network issues within the organization

### IT Support Intern, Kannasoot Suksalai School

May 2022 – Sep 2022

- Installed and configured Windows and essential software for teachers
- Set up LAN networks and Wi-Fi routers for internal use
- Repaired computer hardware and resolved basic technical issues
- Created and deployed Windows system images for multiple computers
- Assisted teachers in instructing students on basic KidBright board usage

## WORK EXPERIENCE

### Service Staff (Part-time) SF Cinema, Robinson Lifestyle Suphan Buri

Mar 2025 – Present

- Provided customer service for ticket, food, and beverage sales
- Managed queues and handled on-site problem solving
- Coordinated with team members to ensure smooth operations during peak hours

### Kitchen Staff – Sushi (Part-time) Shabushi Buffet, Lotus Suphan Buri

Jul 2022 – Oct 2023

- Prepared ingredients and sushi according to customer demand
- Worked effectively under pressure with good time management
- Maintained cleanliness, food quality, and continuous kitchen workflow

## EDUCATION

### Bachelor of Technology (B.Tech.) in Computer Programmer

May 2025 – Present

- Suphan Buri Vocational College
- Current GPA: 3.92

### High Vocational Certificate (HVC) in Computer Programmer

May 2023 – Mar 2025

- Suphan Buri Vocational College
- GPA: 4.00

## CERTIFICATIONS & AWARDS
